How To Locate Rockleigh Dahlia Gardens

Drive out El Cajon Blvd. to 7500 block, turn South on Parks Avenue. Where the road forks follow the Rockleigh Dahlia Gardens sign.

Your visits are always appreciated, regardless of the time of year, but for those who may enjoy seeing one of the finest collection of Dahlias in the U. S. during bloom, it is suggested they make it a point to visit us July 15th to October 15th.

The Rockleigh Dahlia Gardens have always been interested in having their friends obtain the best results. In order to do so, we have found our "Information Service" of value to many. This assistance might be of help to you, and if so, just give us a complete story regarding your trouble. We will be only too happy to advise you without any charge.

Rockleigh Dahlia Roots

My experience with dahlias dates back eighteen years, of which many have been devoted as a professional. Roots which I offer for sale are from the finest and healthiest stock, regardless of whether in the low or high price margin. The stock which I offer for 1938 planting is of world renown varieties with many importations from Europe.

Let us grow more dahlias from plants in the future.

FIRST: They are half the price of roots.

SECOND: Most varieties of plants make as good roots as where roots are planted.

THIRD: They yield better blooms.

Instructions for setting out plants will be outlined in detail upon your visit.

Rockleigh Dahlia Seeds

Are Nationally Known and Guaranteed

From 1933 and including 1936 Rockleigh Dahlia Seeds have produced fifty Outstanding Varieties, and the following 1938 Introductions:
